

Beirut, July 27<sup>th</sup>, 2015

**Subject: Announcement for the Registrations in the University Diploma in “Hypertension & Cardiovascular Risk”.**

Dear Colleagues,

This letter is to inform you that following the recommendations of **Pr Pierre Yared**, dean of the Faculty, the **Pr Roland Asmar**, in collaboration with **Pr Wael Chalak** established a **University Diploma (UD) in “Hypertension & Cardiovascular Risk”** at the Faculty of Medical Sciences, Lebanese University. This UD is similar to the Inter-University Diploma (IUD) realized in France at the Universities of Paris, Montpellier, Tours, and Grenoble.

This is the first UD in Hypertension and Cardiovascular risk in the Middle East. Courses that involve national and international outstanding professors, will introduce **Medical Doctors (or students ending their medical degree course), PhDs, Pharmacists (Pharm D & BSc Pharm), etc** to the latest advancement of the mechanisms of Hypertension (HTN), blood pressure measurement (Brachial, Central, Clinical, ABPM, ...), evaluation of HTN patients, Resistant & Secondary HTN, HTN in specific populations, Management & Treatment of HTN,...

The "Foundation- Medical Research Institutes" (F-MRI<sup>®</sup>), chaired by **Pr Roland Asmar**, has now started registrations for this UD that will remain open **until August 13<sup>th</sup> 2015**.

**Places are limited**, so please, do not hesitate to contact us for any further information.

Best regards,

**Mirna N. Chahine, PhD**

Coordinator & Basic Medical Sciences Research Director  
Assistant Professor Faculty of Medical Sciences, Lebanese University
